

Voice**BOX**<sup>™</sup>  
by Voice Carrier

**A complete  
business  
phone  
system  
..without  
the cords.**

**...it's entirely wireless.**

Voice**BOX**<sup>TM</sup>  
by Voice Carrier

The VoiceBOX<sup>TM</sup> phone system works without a landline or ethernet connection. It's entirely wireless. Connect anywhere there's a power outlet. Phones and devices are shipped ready to go. No technicians. No wiring.

Brought to you only by Voice Carrier. Well, not really *brought* to you. We ship it in a box. But still...

**MOVE WITH EASE**

An entirely mobile phone system—for that move to the new corner office, new floor, new building, or new city.

**TEMPORARY OFFICES**

Perfect for pop-up retail shops, small business startups, short on-location projects, construction sites, office renovations, major road work, flood, or fire.

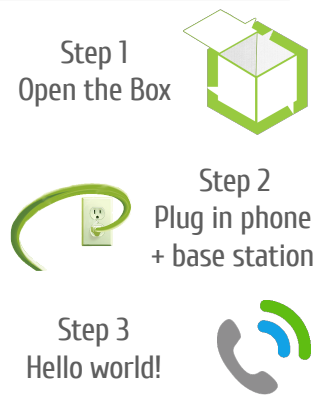

**INTERNET ANYWHERE**

Overpriced provider, poor connection, or no Internet access? Problem solved.

**COSTLY LANDLINES**

Skip the high fees for wiring new buildings, rewiring an old building, or remote rural locations where wiring isn't available.

**INSTALLS INSTANTLY**

**ANYWHERE**

UTO .... Unidentified Telecom Object
