Change how an inbound call is routed

- 1. Login to the admin portal of your PBX.
- 2. Select "Inbound Routes"
- Choose the inbound route (i.e. telephone
 #) you would like to re-route.
- Set the Destination for the inbound route by choosing from the list of possible destinations. (ex. Time Conditions: Business Hours)
- 5. Click "Submit"
- 6. Click "Apply Configuration Changes"

Reloading will apply all configuration changes made in FreePBX to your PBX engine and make them active.
